

Created a file in linux and perform some operations in that file and run it:

```
jithendra_nallapati@a6cf8aee28ce504: ~/practise_linux
jithendra_nallapati@a6cf8aee28ce504:~/practise_linux$ ./file1.sh
equal
end of file using operators
jithendra_nallapati@a6cf8aee28ce504:~/practise_linux$ ./file2.sh
total 24
-rwxr-xr-x 1 jithendra_nallapati jithendra_nallapati 113 Jan 22 04:45 file2.sh
